OUTDOOR LIVING

# Silver Sands

Today, the definition of home as a sanctuary has taken on a new meaning. Elevated alfresco living offers a unique opportunity to extend our livable space. A comfortable and thoughtfully designed outdoor living area has become both a luxury and a necessity, offering a chance to relax and entertain in the fresh air.

*Silver Sands* takes a stylistic and elegant approach, with designs crafted from durable aluminum in a soft gray Oyster Shell finish. Hand-applied dry brushing gives the surface an artisan look that is unique to each piece. Graceful curves, intersecting lines and refined fretwork patterns highlight deep seating and occasional silhouettes, while table tops feature intricate designs in cast aluminum. The soft gray finish offers a sophisticated backdrop for performance fabrics with dramatic patterns and vibrant colors for a fresh transitional look.

*Tommy Bahama*  
OUTDOOR LIVING

*In order to accommodate outdoor spaces of any size, Silver Sands offers an 88-inch sofa design as well as a 60-inch companion love seat. The lounge chair features sweeping lines on the arms and an interlocking fretwork pattern on the back, shown in greater detail on page 7. Accent pillows shown are optional.*

**3945-11 / CS3945-11**  
**Silver Sands Lounge Chair and Cushion Set**  
28.25W x 37.5D x 35H in.

**3945-951**  
**Silver Sands Rectangular Accent Table**  
12W x 19D x 22.5H in.

**3945-33 / CS3945-33**  
**Silver Sands Sofa and Cushion Set**  
87.75W x 37.5D x 35H in.

**3945-945**  
**Silver Sands Rectangular Cocktail Table**  
49W x 29D x 16.5H in.

**3945-955**  
**Silver Sands Rectangular End Table**  
26W x 21D x 23H in.

**3945-22 / CS3945-22**  
**Silver Sands Love Seat and Cushion Set**  
60W x 37.5D x 35H in.

*The 49-inch rectangular cocktail features a tiered glass top design, graceful saber legs and an interlocking stretcher base. On the opposite page, the decorative fretwork on the backs of the lounge chair create a striking backdrop for the vertical stripe on the performance fabric. Accent pillows shown are optional.*

**3945-33 / CS3945-33**  
**Silver Sands Sofa and Cushion Set**  
 87.75W x 37.5D x 35H in.

**3945-945**  
**Silver Sands Rectangular Cocktail Table**  
 49W x 29D x 16.5H in.

**3945-955**

## DINING TABLE TOP CONFIGURATIONS

## ACCENT PILLOWS

Since most like to customize the size and configuration of their accent pillows, upholstered seating in Silver Sands does not ship with standard accent pillows. Seven different sizes and shapes of pillows are available. They may be specified with standard ¼ inch welts, larger ½ inch welts or without welts. All pillows feature 100% all-weather fiber in a water-resistant ticking that is thermally sealed to deter water penetration.

### DECORATIVE TRIMS, FRINGES, TAPES AND CONTRAST WELTS

Numerous trim options are available on accent pillows, including contrast welts in any fabric as well as decorative cords, fringes and tape treatments. Please see the Tommy Bahama Outdoor Living price list for details.

**Extra Ballast Weight**  
 30 pounds; not shown  
 The extra ballast weight is for stability against winds, but is not required for use with umbrella stand.

## THE FINEST MATERIALS

### CAST ALUMINUM FRAMES

Tommy Bahama Outdoor Living frames are engineered for strength and built to last using endurance cast aluminum. Joints are precision-welded for strength and durability and then ground and polished by hand to ensure a smooth and seamless look.

### CUSTOM FINISHES

Finishes on Tommy Bahama Outdoor Living products are specially formulated, with custom base coats and painstaking handwork, to achieve a unique look. Ultra-durable polyester resin powder-coated finishes are baked on cast aluminum frames, ensuring that they are colorfast and highly resistant to damaging UV rays. Finishes are also corrosion and scratch resistant. The element that sets these designs apart is meticulous handwork using techniques like dry brushing, padding and burnishing that result in a product that is virtually indistinguishable from fine interior home furnishings, yet built to endure the elements.

## PERFORMANCE FABRICS

Creating a seamless transition from an elegant interior décor to a stylish outdoor space is the essence of refined living today - and blurring the lines between indoor and outdoor living lies in merging beauty and durability. Fabrics must have the sophisticated look and luxurious hand of residential textiles, plus the performance technology to withstand the most extreme outdoor conditions.

The Tommy Bahama Outdoor Living program includes fabrics and trims from industry leaders in performance technology. A “performance fabric” is one with the following attributes:

- Fibers that are solution-dyed to the core, rather than simply on the surface
- Colorfast dyes that are highly resistant to fading from UV exposure
- Fibers that are inherently resistant to mold and mildew
- An extremely tight weave to withstand the wind and elements
- A durable finish for superior stain and water resistance

The Tommy Bahama Outdoor Living program is unique in the industry for its wide-ranging assortment of exceptional performance fabrics and correlating trims, offering the ability to customize upholstery whose impeccable tailoring, seating comfort and designer looks are equally at home, indoors or out.

## WEATHERGUARD™ UPHOLSTERY CUSHIONS

The exclusive Tommy Bahama Outdoor Living WeatherGuard™ cushion is engineered to be highly water resistant, mildew resistant and anti-microbial, while offering the most ultra-comfortable seating in the industry. In fact, the comfort is superior to the cushioning on the finest indoor upholstery. The unique construction consists of (4) distinct layers.

- The inner core is 1.8 lb. density, high-resiliency foam that provides unparalleled support, functioning like a box spring in premium bedding. It is both mold and mildew resistant.
- The second layer is soft-cell foam, designed to provide a relaxed but supportive seat, like a plush mattress.
- The third layer is spun polyester fiber, which is inherently anti-microbial and functions like a pillow-top, offering down-like comfort and a luxurious “crown” to the cushion.
- The fourth layer is a wrapping of water resistant non-woven ticking is thermally sealed to prevent water penetration into the layers below.

Seating comfort is one hallmark of the Tommy Bahama Outdoor Living program. The exclusive WeatherGuard™ cushion is your assurance that the quality, look and longevity of the cushioning will match its unsurpassed comfort.
