# Silverado

Today, the direction of high-end interior design continues to take on a more casual aesthetic. This is particularly the case in the traditional category, which has evolved to incorporate elements of transitional styling, statement hardware and a major emphasis on comfort.

Silverado features classic styling that puts a current touch on traditional design. The collection is crafted from walnut veneers and mahogany solids in a rich walnut finish. Hand-wrought metal bases, in a maritime brass finish, reflect the work of an artisan's hand. Occasional tables hint of the exotic, with tiger-brown travertine tops.

Feeling at home has never been more important, and furnishings serve to create spaces that are inspiring, functional, inviting and comfortable. Silverado does exactly that, offering a fresh, relaxed interpretation of New Traditional style.
